

PERFECTING THE ART OF EXTERIOR DESIGN

U.S. PAVERSCAPE®

Manufacturer of Fine Quality Concrete Paver Brick, Tile and Slabs

"Custom Production is Our Standard"

Outdoor Living, Transcended.

U.S. Paverscape® specializes in providing superior concrete products to homeowners, commercial property owners, builders, and contractors. Our exclusive range of vivid colors, unique textures, and custom design creations offer exceptional value year after year. Our precision-crafted pavers, coping, slabs and blocks are not only durable but also stunningly beautiful, making them the ultimate concrete solution.

About Us

U.S. Paverscape® is an American owned and operated company that specializes in custom-produced concrete products with superior quality and customer service. Our unique blend of color is created using old world techniques and modern technology to deliver the finest colored concrete products. We pride ourselves on our beautiful made-to-order materials and industry-standard lead times.

A Better Paving Stone

Creatively designed and meticulously manufactured concrete products from U.S. Paverscape® offer superior performance compared to other paving materials:

- * Unique colors and blends
- * Uniform consistency
- * Full color through pavers
- * Low maintenance
- * High strength
- * Skid-resistant

Your Project, Built To Last

We promise quality and durability. All products are designed to meet or exceed industry standards and backed by our manufacturer warranty. Choose from our variety of colors and blends, with integrity and the broadest spectrum available in the market.

BUILDING A STRONGER FOUNDATION

One Brick At A Time

WHO WE ARE & WHAT WE DO

U.S. Paverscape®: Our Story

Since our start in 2000, U.S. Paverscape® has been the trusted choice of thousands of homeowners, commercial property owners, builders, and contractors throughout the state of Florida as well as distributors throughout the United States. Known for our vivid colors, unique textures, and custom designs, our concrete products have become a hallmark of durability and lasting value. But that's not all – our bricks, blocks, copings and slabs aren't just well-made, they're also expertly crafted to elevate your outdoor spaces with unmatched style and charm.

Outside any home is a world of possibilities as limitless as your imagination. With custom produced decorative concrete products from U.S. Paverscape®, you can complement patios, driveways, pool decks and many other outdoor spaces magnificently.

Growth & Corporate Standards

While we may have grown over the years, adding additional manufacturing plants and showrooms throughout the state, U.S. Paverscape® prides itself on its startup mentality. Passion and innovation have always been at our forefront and as one of the few remaining family-owned and locally operated concrete product manufacturers in the country, we promise that custom production always has been and will remain our standard.

As a proud member of the Concrete Masonry & Hardscapes Association, you can trust that U.S. Paverscape® is continually working with industry professionals to be the most forward-thinking, state-of-the-art, well-managed concrete manufacturer we can be.

PERFECTING THE ART

Of Exterior Design

The outside of a home is the perfect opportunity to make a memorable statement, to create an impression that lasts.

U.S. Paverscape® can transform that impression from ordinary to extraordinary. By visiting one of our Showroom & Design Centers, our expert representatives can help you bring this curb appeal or Backyard Living® dream to life!

Bring Your Ideas To Life

Virtually all of our manufactured concrete products are custom created with unique colors and blends you won't find anywhere else. Why settle for ordinary stock produced pavers, when you can upgrade to the custom colors and blends offered by U.S. Paverscape®? With so many choices of colors, shapes and styles, you can personalize the look of your outdoor spaces like never before.

Where To Start

As a custom manufacturer, we only need three answers: the shape, color, and thickness desired. Once you've decided, we'll create your custom selection specifically for you!

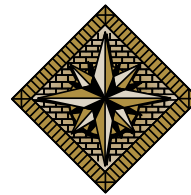

To start, consider your home's design. Is it more modern or traditional? What colors dominate the scheme? These insights will help us find the best pavers for your vision.

Color Selection

Some common sense guidelines apply: medium or earth tone shades are recommended for driveways to minimize stains from parked cars. Lighter shades work well in pool and patio areas because they are cooler for bare feet. If your landscaping includes trees that drop leaves, berries or blossoms that can discolor paved areas, you may opt for darker shades. Before finalizing your choice, ask to see an actual sample of the paver. Please understand that due to raw materials used in the manufacturing, color variations may occur. Even with the best printing technology, the color in a brochure may not be exactly the same color of the paver.

Express Your Style

With our vast selection of paver styles and shapes to choose from, the options are truly endless. From modern to traditional, rustic or contemporary, tumbled or smooth, U.S. Paverscape® has a style suited to most everyone's needs.

U.S. PAVERSCAPE®

Backyard Living®

REMODEL, RESURFACE, REIMAGINE

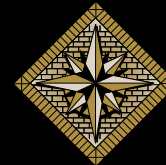

Versatility At Its Finest

Among the extensive product range we provide, you can find unique brick and cast copings in various colors and textures. Our hardscape elements, whether for new construction or resurfacing, create a timeless and cohesive look for your property. Perfect for driveways and parking areas, our high strength and low maintenance products ensure your hardscape investments are as beautiful as they are durable.

If your project involves a new driveway and resurfacing existing walkways, pool decks, or patio areas, you can opt for standard 2 3/8" pavers for the driveway and thin pavers for the existing surfaces. Thin pavers are ideal for pedestrian areas, meeting grade compliance, while the 2 3/8" pavers offer the strength needed for vehicular traffic. Certain resurface pavers can be installed over an existing concrete base using modified setting bed materials and techniques.

❖ Pavers available in both standard and resurfacing heights:

STUART BULLNOSE

Where Luxury Meets Functionality

Finish off your pool design with our Stuart Bullnose coping—a classic choice for pool edges. Carefully designed, our bullnose coping is the top choice for new pool builds. Its smooth, rounded edge provides a superior and safe transition that completes any poolside project.

Size(s): 4" X 9" X 2 3/8"
Units per linear foot: 3

MANHATTAN REMODEL

Refresh Your Space With Style

Designed to merge modern elements with durable functionality, it is no secret as to why this Manhattan Remodel is so popular. From contemporary edges to pool borders, steps, and pool remodels, Manhattan Remodel is the go-to for those seeking an upgrade without compromising on strength.

Size(s): 4" X 9"
Overhang: 2 1/2"
Units per linear foot: 3

SHORT REMODEL

Revive, Renew, Redefine

Refresh your pool's edge with our Short Remodel coping, designed to resemble Stuart Bullnose but tailored for remodels. This coping seamlessly integrates with your pool's style, providing a practical update that enhances both appearance and function. Ideal for giving your pool area a contemporary facelift, Short Remodel coping offers a straightforward solution for those seeking a stylish yet efficient upgrade.

Size(s): 4" X 9"
Overhang: 1"
Units per linear foot: 3

COPING

Experience The Power Of Transformation

Transform your outdoor space with Extended Remodel, where the elongated overhang introduces a fresh dimension to your pool area. With its innovative design, Extended Remodel offers the perfect solution for giving your pool the makeover it truly deserves.

Size(s): 4" X 9"
Overhang: 3 3/4"
Units per linear foot: 3
